

UCU Caseworkshop 2007

Curriculum manager 1

UCU member, friendly, informal, fond of a gossip, wants to play issues down, will try to get negotiators to drop the issue, generally will try and swerve things.

Curriculum manager 2

Is very procedural. Frightened of any kind of decision-making in case it reflects badly on him. Will want to check everything with Personnel. Will also want to push decisions on to the Centre Director (who's off sick for a couple of weeks).

Curriculum manager 3

Combative and a bit macho. Will defend his position to the hilt and assume that there are not merits at all to the case being discussed. Will pick on any inconsistencies on the UCU side.
